

LOWDEN AND WOOD SEEM FAVORITES

For Republican Presidential Nomination Among National Committeesmen at Chicago

(By Associated Press)
Chicago, Nov. 10—Republican national committeesmen from a dozen states, including A. T. Hert of Kentucky, are here today to discuss the 1920 presidential campaign. National Chairman, Will Hayes, is presiding.
The meeting was held behind closed doors. The next national convention city will be selected in Washington within two months, with the fight between Chicago, St. Louis and Kansas City, although Minneapolis and San Francisco were mentioned today. Common gossip of committeesmen most frequently mentioned are names of General Leonard Wood and Governors Lowden, of Illinois, for the presidential nomination. Party leaders interpreted the results of recent state elections as favorable signs for republican success next year in the nation.

MAY REFUSE TO CALL OFF MINERS' STRIKE

(By Associated Press)
Washington, Nov. 10—Labor leaders today predicted international officers of the United Mine Workers of America would not call off the coal strike as directed by Federal Judge Anderson. Whatever the legal complications might be, spokesmen for the miners said the strike was ordered by a delegate convention and a convention must call it off.
Frank Morrison, executive secretary of the American Federation of Labor, would not add anything to the executive council's statement last night supporting the miners and demanding the government withdraw its injunction proceedings. "The statement speaks for itself. I'm not here to interpret it," Morrison said. He was asked for a statement in view of the opinion in some quarters that pronouncement of organized labor was a notice to the striking miners to stand pat. White House officials today refused to comment on the Federation's statement. "The situation is in the hands of the courts," said Secretary Tumulty. "This is no time to get cold feet."

FOCH SENDS GREETING TO LEGION CONVENTION

(By Associated Press)
Minneapolis, Minn., Nov. 10—Marshal Foch, allied commander-in-chief, today cabled his greetings to the American Legion, 2,000 delegates of which are here to give the Legion permanent shape and declare its policies. The old eyes ever raised to the same ideal of justice and liberty, we must remain united as we have in the days of trial and days of triumph," Foch's statement said.

Won't Treat With Trotsky Yet

London, Nov. 10—Bulletin—Great Britain has no intentions of opening peace negotiations with Lenin and Trotsky until the House of Commons has an opportunity to discuss the subject. Bonar Law, government leader, announced in the House today. Bonar Law, government leader, in reply to questions with reference to Lloyd George's speech at Guild Hall Saturday night in which he was supposed to have hinted of an attempt to negotiate peace with the Bolsheviks in Russia. Bonar Law declared Lloyd George simply expressed hope some method might be found for achieving peace in Russia.

Important To Railroads

Washington, Nov. 10—Under permanent railroad legislation formally reported to the House today the railroads must apply to the Interstate Commerce Commission for a general rate increase within 60 days after their return to private control.

He is survived by his wife, Mrs. Sarah Johnstone, one son, Henry Lloyd, and one daughter, Mrs. Eleanor T. Faulconer. Mr. Tevis only recently moved to Danville from Lincoln county. He was a descendant of Gov. Isaac Shelby.

"Mickey's" Pet Squirrel

One of the many charming features in "Mickey" to be shown at the local theatres on Nov. 12-18, is a pet squirrel who will go straight to the hearts of all the children. The squirrel does a comedy scene with a pet bulldog that is delightfully natural. Mickey's bull terrier makes one dive for the squirrel and Brer Squirrel stands not on the order of his going. He beats it for dear life. Mickey wears boy's clothes, during the first part of the play and the squirrel sprints up her trouser leg.
And, by the way, Mickey ought to get the Iron Cross for his courage. Pshaw! Any girl might lead an army like Jeanne d'Arc, or just save children in burning houses, or jump off cliffs, or any little thing like that. But to let a rat or a squirrel run up your clothes! Ooooo! If there were a call for volunteers to save the country by letting rats run up dresses, the only answer would be a yell fading away in the distance.

Sale Will Be At 10 A. M.

The sale of B. F. Cotton and Jesse M. Tudor on the Jesse Tudor place on the Barnes Mill pike will be at 10 o'clock a. m. Tuesday, Nov. 11th a day.

Centre Team Tops 'Em All

Old Centre College put Kentucky at the head of the foot ball column when she defeated the University of West Virginia Saturday by 14 to 6. The West Virginia boys had beaten Princeton, which held Harvard to a tie. This dope makes Centre as good as there is in the country. Centre plays State at Danville next Saturday.

"She Walked In Her Sleep"

The new and successful farce, "She Walked In Her Sleep" which was written by Mark Swan, also recalled as co-author of "Parlor, Bedroom and Bath" enjoyed a long season of prosperity at the Playhouse in New York. It is coming to the Lexington Opera House with the original production and will be seen at the Lexington Opera House as the attraction for Friday and Saturday, November 14 and 15; Saturday matinee. Chicago averages one murder a day.

SPLENDID WORK FOR SCHOOL CHILDREN

Examination of Pupils of Rural School Discloses Conditions Needing Remedy

Medical, dental and nutritional examination of children of rural school on Normal campus shows:
36 per cent adenoids.
40 per cent diseased tonsils.
40 per cent enlarged glands.
4 per cent organic valvular lesions.
24 per cent nervousness in some form.
29 per cent ear defects.
34 per cent eye defects.
56 per cent defective teeth.
15 per cent malnutrition.
No communicable ailments.
During the month of October Miss Miriam Noland, under whose skillful management the Rural School is doing advance work, made a health survey of the children of her school. The cooperation of an eye, nose and throat specialist, a physician, a dentist, a teacher of Nutrition and Dietetics, and the parents of the children was secured.

The school is a cosmopolitan groping of children, all strata of society being represented, hence is a fair representation of a typical school. The percentages of defects are no doubt representative of conditions throughout the state.
The malnutrition tests were made according to the Holt Standard. The per cents of normals ran high; the passables, average; while 15 per cent of malnutrition, 2 cases are of extreme seriousness.

The results of this survey are accepted as a handwriting on the wall so every effort is being made to see that the corrective work goes forward.
To date, 2 cases of diseased tonsils and adenoids, one of enlarged glands, four defective vision, have been corrected, while 15 are having dental work done.

The corrective work in nutrition is being made through a system of balanced rations made out by Miss Davis, teacher of Nutrition and Dietetics. The mothers are being furnished with a set of menus especially adapted to the need of their children.
Miss Noland's purpose is to have corrected every defect which will yield to treatment. Her splendid cooperative spirit and unusual ability to do things along educational lines that count, assures success.

L. & N. Engine Hits

Louisville Street Car

(By Associated Press)
Louisville, Nov. 10—Fourteen persons were injured here today when a Louisville and Nashville train ran into a crowded street car trailer at Fourth street grade crossing. The fact that the engine was moving slowly is said to have prevented a disastrous wreck. Most of those hurt were school children. Their injuries were slight.

Miners' Heads Meeting

Indianapolis, Nov. 10—No hint as to the action of the international officials of the United Mine Workers of America at their conference here today, could be obtained prior to the opening of the meeting. At 11 o'clock all members of the general committee of the mine workers, including the international officers, district presidents and members of the executive board on the scale committee, were present.

Mrs. Ike Sharp's Good Sale

PULASKI'S ROYAL WELCOME TO MORROW

They gave Gov-elect Ed Morrow a royal welcome when he returned to his home at Somerset Saturday. He is the first governor Pulaski county has furnished the state.
The entire public square was decorated with flags and bunting and every business house fronting it, or near it, was a blaze of flags and gayly colored drapery. Streamers reached from the cupola of the courthouse to every corner and the whole exterior of the building was gorgeous in well-arranged designs of red, white and blue. Somerset had taken on her gala attire and was royally dressed to welcome the return of her son who has become the first citizen of Kentucky.

Judge William M. Catron presided and addresses of welcome and congratulations were made by Judges H. C. Kennedy, B. J. Bethurum, James Denton and R. C. Tartar, the Rev. D. W. Scott and J. Will Colyer. The speakers emphasized the fact that the election of one of Pulaski County's citizens as governor of Kentucky is the most important event in her history. Every utterance with reference to Governor-elect Morrow was a signal for applause, and every mention of his name called forth a demonstration. It is estimated that 10,000 persons were in view of the stand and shouted their approval as each speaker reiterated his faith in the courage, ability and honesty of the state's new chief executive.

John Will Colyer, one of the prominent Democrats in that section and one of the speakers, said in his address:
"I have known Ed Morrow all his life and I know enough about him to believe that when he is governor that he will be the governor of no party or faction, but the governor of all the people. I knew his father, and he was a great circuit judge, and I believe the son will make a great governor. As a Democrat, I have faith in him and I believe that he will deal out justice, fairly and impartially, to all. In my poor and feeble way I will stand by him in all matters that are right, and if my efforts can make him successful, he will be a success."

Governor Morrow's voice still showed the effects of the long and strenuous campaign, but its remarkable carrying power enabled him to be heard through the crowd. His address was filled with deepest feeling and at times he was almost overcome with emotion.
Addressing the people as home-folks, he said: "I can not but be moved by this demonstration of your love and devotion. How can I ever thank you and how can I ever show my appreciation? All that I have in this world, all that I am, and all that I ever will be, I owe to you. Among these old red clay hills, along your winding creeks and besides the blue Cumberland I first learned what it was to aspire, and what it was to desire to achieve. You have stood by me in all of my struggles with a steadfast loyalty and devotion that merits all of my appreciation."

"The battle just ended the most gratifying news that I received on the night of the election was the fact that you had stood by me. It was the crisis of my life; victory meant more to me than the office, it meant my very life, my heart, yes, my heart's core. This heart is yours and I declare today if I could divide it into bits, I would give it to you. This is my home, I married my wife here and my children were born here, and after I have fought the battle of life, I want to sleep beside my loved ones, among the hills of old Pulaski."
"Four years from now, when I have completed the trust that you have given me, I want to come back to Somerset and live among my friends. I frequently desire above all things to so conduct the great office that I can come back and look you in the face unashamed and unafraid. I want your faith; I want your confidence, and won't you give me your prayers?"

Waller Park Has Fine Sale

The sale or personality of Mr. Waller Park, Thursday, was largely attended, and everything sold well. LEGION CONDUCTS MEMORIAL SERVICE

First Anniversary of Armistice Observed By Churches In Union Meeting Sunday

The First Christian church was filled with soldiers, sailors, and aviators with their relatives and friends Sunday night. The meeting was under the auspices of the American Legion in a big community anniversary service to celebrate the signing of the Armistice one year ago, and to join in a memorial service to the fallen heroes.

All of the ministers and congregations of the city united in the anniversary of the first celebration, and every one was highly pleased and caught the spirit of patriotism and loyalty which prevailed throughout the entire service.

The musical program under the direction of Mrs. Pickels was well prepared, and added much in making the meeting a success.

F. C. Gentry, of the Eastern State Normal, County Secretary of the American Legion, presided over the meeting in a capable manner. He called upon Rev. O. Olin Green to conduct the devotional service, after which Dr. Homer W. Carpenter delivered a splendid address on "The Anniversary of the Signing of the Armistice." At the conclusion of his remarks the choir sang very beautifully Kipling's "Recessional."

Hart Perry gave the honor roll of Madison county, and was followed by Lieutenant Wm. Wallace and Dr. R. L. Telford, who delivered their remarks in a memorial phrase, in which both paid high tribute to the boys who laid down their lives for home and country, and proved themselves "Honored Cross Bearers."

The entire service was one which will be remembered.

Somerset Oil Goes Up 15 Cents

The Cumberland Pipe Line Co. reports that Somerset oil has increased 15 cents on the barrel, having jumped from \$2.70 to \$2.85 a barrel. This is the oil delivered to the pipe line company from wells in the Eastern Kentucky fields. The increase in price probably will have an effect of increasing activity in this section as it makes the price of Kentucky oil two cents less than Cabell and ten cents less than the Corning grade of oil. It is selling at \$1.40 less than the Pennsylvania, the best grade oil.

Some Big Road Projects

Among the special features of the recent Federal Aid road record as kept by the United States Department of Agriculture are three road projects to cost over \$1,000,000 one of them over \$2,000,000. Pennsylvania had first place in the number of statements approved during July, the amount of Federal aid allowances, and the estimated cost of roads to be constructed, while Nebraska turned in the greatest mileage. Seventeen projects in Pennsylvania approved will cost \$4,607,028.41 for which the Federal aid is \$1,968,997.40. Ohio with 12 projects came next to Pennsylvania in the number approved and in the estimated cost of the roads to be improved, and

third in the amount of Federal aid. Oklahoma's two projects occupy third place for the month in the estimated cost of the roads and second in the amount of Federal aid allowance. This State leads the country in the size of a single project handled in July. It is estimated to cost \$1,271,555.60 for which \$600,000 Federal aid is allowed.

In the record of approvals for the month of August Arkansas occupied first place in the estimated cost and mileage of projects and in respect to the largest project. Minnesota if first in the total number of projects approved, namely 11, and second in the amount of Federal aid allowances. Pennsylvania received the largest amount of Federal aid and her six approved projects come second in the estimated cost of the roads.

On a Massachusetts project, a short concrete road, the estimated cost is at the rate of \$127,864 a mile. This is the highest average cost per mile so far shown in any Federal aid road. A bituminous brick or concrete road in Ohio will average \$67,716 a mile and 7.14 miles of concrete or brick in Pennsylvania will average \$64,015, while another project in Pennsylvania will average \$56,443, per mile.

Why Good Cattle Pay

Just to illustrate that it is about as easy to discount the benefits of good blood in live stock breeding as it is to try to dry up the ocean with a sponge here are some figures concerning the butcher standards of a good and medium steer. In the case of a good steer the loin cuts, which are high priced, constitute 16 3-4 per cent by weight, as compared with 15 1-2 per cent in a medium steer. The rib cuts compose 9 3-4 per cent in the better class of steer and only 7 3-4 per cent in the medium animal. The round, which is medium priced, constitutes 21 per cent in a good steer, and 26 1-2 per cent in a medium steer, while the chuck, a low-priced cut composes 24 per cent of a medium steer. The miscellaneous cuts in a good steer aggregate 13 per cent and only 11 per cent in the medium steer. These figures indicate that the good steer carries a greater percentage of high priced cuts and a lower percentage of the medium priced and cheaper cuts than does the medium steer. Although the animals may be fed similar rations. This divergence in meat make-up at market time must be attributed to breeding.

Two shipments of steers which recently arrived on one of the large central markets also are of interest in disclosing the breeding facts. One lot of good steers weighed, on the average 1,186 pounds and sold at \$15.30 per hundred, their dressing percentage averaging 61 per cent. These steers carried 6 3-4 per cent of inside fat while their cost pound dressed and ready for sale to the consumer, was 22 1-2 cents. The medium lot of steers averaged 963 pounds and sold at \$13.30. These cattle dressed 54 per cent, and carried 4 per cent of inside fat, and cost 22 cents a pound when dressed and ready for consumption. Subsequently the meat from the good steers sold for one cent a pound more than that from the medium steers which resulted in an increased profit to the butcher of approximately half a cent a pound, despite the fact that the good steers cost originally 2 cents a pound more than the medium steers. Furthermore, the inside fat was worth considerably more in good steers than it was in their lower quality mates. The well bred lot of cattle sold for an average of \$181.46 apiece, while the poorer steers brought only \$127.80 an animal, a difference of \$53.38 a head in favor of the better bred cattle.

There is no possible reason why stockmen and farmers should waste their time and tie up and jeopardize their capital in the purchase and feeding or breeding of inferior stock. The supremacy of the better bred animals is practically infallible. They, other conditions being equal, will yield dependable profits which are as certain as the coming of day after a night of gloom. It does not take much capital for any farmer, be he the owner of a few head of stock or possessor of extensive flocks and herds, to begin improvement work to better his live stock resources. All that is necessary is that he purchase and use purebred sires in the grading up and betterment of the progeny.

A Surprise Birthday Dinner
At her beautiful home in the country near Kingston, Mrs. C. F. Parks

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

was very pleasantly surprised, Sunday Nov. 2nd in honor of her 60th birthday. She received several nice presents and every one brought lots of good things to eat, enough for many more guests. Those present were: Mr. and Mrs. Chester Parks and daughter, of Berea; Mr. and Mrs. Claude Todd and daughter, of Brassfield; Mr. and Mrs. Will Parks, and children, of Richmond; Mr. and Mrs. Asa Parks and children, Mr. and Mrs. Kit Parks, and children, Mr. and Mrs. Ernest Parks and little daughter, Mr. and Mrs. Green Durham, and children, all of Kingston; and Mr. Will Taylor Powell of Berea. There were 6 children and 17 grandchildren present, only one granddaughter, Miss Lottie Munday of Burgin being unable to come.—Contributed.

White-Humphries

The following from the Danville Messenger will be read with wide interest here where the bride formerly lived and has a host of relatives and friends to wish her happiness. It says: The marriage of Miss Sydney Rowland White and Mr. William J. Humphries both of this city was solemnized at the historic old First Church, Danville, Ky., at 5 o'clock, Thursday November the 6th 1919.

"I ADVISE EVERY SICK WOMAN

To Try Lydia E. Pinkham's Vegetable Compound."

"I advise every suffering woman to take Lydia E. Pinkham's Vegetable Compound for it has done me so much good. I had female weakness, inflammation, pains in my sides and painful periods. I suffered for six years and tried many remedies without benefit. The doctor said I must have an operation. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and since taking it I am cured and have a nice baby four months old. I feel like a new woman, and have recommended your medicine to my friends. I would be glad to have everybody know what your medicine did for me, and if any write to me I will answer all letters."—Mrs. MARY CALIGURE, 317 South Main St., Herkimer, N.Y.

Every woman at some period or other in her life may suffer from just such disturbances as Mrs. Caligure, and if there is no interested friend to advise, let this be a reminder that this famous root and herb remedy has been overcoming these ailments of women for more than 40 years. If any complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years' experience is at your service.

The church was beautifully decorated with ferns and winter berries. Mr. Milton Durham rendered a beautiful musical program before the ceremony and the bridal party entered to the strains of Mendelssohn's wedding march and as they left the church, Loengrin's was rendered. Mrs. A. D. Allen was her sisters dame of honor and only attendant and was gown in dark blue beaded georgette crepe and a large picture hat, and wore a corsage bouquet of Ward roses. The bride wore an elegant coat suit of dark brown and traveling hat to match, she wore a corsage bouquet of Sunset roses. She entered the church on the arm of her uncle, Mr. W. S. Rowland, who gave her in marriage, they were met at the altar by the groom, with his best man, Mr. David Humphries, of Lexington, Ky. The ceremony was performed by the bride's pastor, Dr. E. M. Green, who used the ring ceremony in a most impressive manner. The ushers were: Mr. Thompson Crooks, Mr. A. D. Allen, Mr. Bush Nichols, Mr. E. P. Faulconer, Mr. Marcellus Moss and Mr. James Mahan. The bridal couple, accompanied by Mr. and Mrs. Bush Nichols, motored to Lexington. After a few days visit through Ken-

tucky, they will go to Paris, Texas, to live where grooms has accepted a position with his uncle, Mr. Oscar Gregory.

Perfect Health Is Yours
If the Blood Is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood cleansed your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now, to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 46 Swift Laboratory, Atlanta, Ga.

FORMER MADISON GIRL DIES IN ILLINOIS HOME

After a lingering illness of many weeks death came to Mrs. Elva Lee Fisher, of Downs, Ill., Tuesday evening at 10:20, Nov. 5, at St. Joseph's Hospital, in Bloomington, due to a complication of diseases. She was well known here in Madison county where she spent most of her life and grew to womanhood. She attended school in Madison and Clark and was a graduate of the Winchester High School. She was married to Charles Fisher 22 years ago and 16 years ago they moved to Down, Ill., where they have since resided. Mr. Fisher was engaged as a mechanic and has for a few years been with the Davis garage at Downs, Ill.

The deceased is survived by her husband and three children, Floyd who is with the Aviation Corps at Syracuse, Miss.; Nora, who is teaching in the rural school east of Leroy, and Helen, age 9, at home.

Mrs. Fisher's suffering was great and when the worst came she only lingered a few days. But she said she realized her condition was critical and could bear her suffering with patience if only she could live to help Helen finish her education but her strength failed.

Funeral services were held at the Downs M. E. church of which she was a member, by Rev. Fred Melvin. Interment was in the Hopewell cemetery. The deceased is also survived by her parents at Red House and two brothers and two sisters, one sister, Miss Virgie, deceased, and one brother, Everett and wife, who was Miss Susie M. Ashcraft, both deceased. They are survived by three children who make their home with their grandparents. Mrs. Fisher was a true Christian woman and an active church member, always ready willing to lend a helping hand to those in distress.—Contributed.

Lee Abney's Land Sells Low

Only a small tract of land, advertised for sale by Mr. Lee Abney, was sold Mr. Marcus Eades, near Doyleville. The price was \$28.50 an acre. The 96-acre tract was taken down by Uncle John Shearer, the owner refusing to take the bid of \$25.50.

NORMAL NOTES

Prof. G. D. Smith, of Science department spent last week in the schools of Harlan county in an effort to find out the best way the Normal can function in that locality. Bates Hamilton, a former student who is now with the Public Health Department of the Chicago, is a visitor on the campus.

Miss Grace Winn, a former graduate, and Jennings Hamilton's former student, were married yesterday, leaving for a bride tour in the East. Announcements of the marriage of Miss Ruth Annette Hardin, former expression teacher, and Mr. Edward Frances Kenhule of New York City on November 8 at Albany, N. Y. have been received.

Miss Mildred Gillespie, a student in Sullivan Hall, was quite painfully burned about the face and hands on Wednesday evening, when a can of heat upset, the wind fanning the flames in her face. Miss Gillespie's presence of mind prevented the accident from being serious one. She extinguished the fire in her hair by wrapping her head in a blanket, used the fire extinguisher on the fire in the room. To be able to meet an emergency with such nice judgment as this is highly commendable.

Farm of 315 Acres For Sale Privately

I desire to sell my farm consisting of 315 acres located near Red House in Madison county, Kentucky, on Lost Fork and Boonesboro turnpike. This farm has an 8-room dwelling house with porches and halls, ever-lasting water, two cisterns and a well and a splendid spring and sufficient stock water for all purposes, has two tobacco barns, one a 14-acre barn and the other a 4-acre barn and two stock barns, and in fact all necessary outbuildings. This building is lighted with acetylene gas and is in a splendid condition. There are 175 acres in blue grass; none better in the county and the rest of the farm is in a splendid state of cultivation, not being run down by constant farming. The farm has on it three tenant houses and all are in good repair.

The first one who comes may get bargain of their lives

Farm can be divided into two tracts if desired, but prefer selling as a whole. For further information, see
